

CERTIFICATE PLUS X AWARD 2016

PLUS X AWARD®

The panel of judges of the Plus X Award
have honoured the products of the brand

VitroA

with a Plus X Award seal of approval.

Worthy of an award are innovative technologies,
perfectly-shaped product designs and comfortable,
practical control concepts. Other basic requirements
for winning a PLUS X AWARD seal of approval are
ergonomic and ecological product features just as
advanced functionality and the processing of high
quality materials.
